RE: Fourth Covid-19 Vaccination for Residents

---

Good morning everyone,

The Saskatchewan Health Authority continues to take steps to ensure our most vulnerable populations are protected during the COVID-19 pandemic.

This letter is to inform you that all residents in long-term care homes are eligible for a fourth COVID-19 vaccination. This is in response to growing evidence that immunity against COVID-19 wanes after a period of time, particularly in our elderly population, and a fourth dose will continue to provide you with additional protection.

**Vaccinations will be taking place in Samaritan Place February 14<sup>th</sup> and 15<sup>th</sup>. If you do not wish to receive the COVID-19 vaccine, please let me know via email or telephone as quickly as possible.**

Should you have any additional questions or concern, please reference the additional information available on the [Government of Saskatchewan COVID-19 website](#).

Please let me know if the fourth Covid-19 vaccination is NOT wanted.

Kind regards,

Susan
