Re: Confirmed Covid-19 Outbreak Prairie Neighborhood

---

Hello everyone,

As of this morning, our Prairie Neighborhood is in confirmed Covid-19 Outbreak.

Outbreak guidelines have changed since our last outbreak with only those symptomatic and/or testing positive required to isolate. Meals will continue in the dining room and family presence/visitation remains unchanged. You will see our care team on Prairie wearing face shields – this is required for the next seven days pending no further positive cases.

We will offer rapid testing to all Prairie residents today and again on Monday in order to monitor our situation. Family members/support persons are kindly asked to take a rapid test prior to visiting.

Jenn or I are always available should you have any questions or concerns.
