Re: Prairie Neighborhood Outbreak Update

Hello everyone,

Our Prairie Neighborhood remains in confirmed Covid-19 Outbreak. The outbreak is stable and will be declared over May 18th barring any further positive cases.

The Medical Health Officer has requested Prairie Neighborhood move to Yellow Family Presence - this means that while there is no limit on the number of support persons, only two visitors are allowed indoors at any one time. There is no limit on the number of persons present for outdoor visits.

Park Neighborhood, Candle and Emma Cottages remain Open Family Presence with no limitations to number of indoor visitors at one time.

We will continue to offer rapid testing to all Prairie residents every three to four days to monitor our situation. Family members/support persons are kindly asked to take a rapid test prior to visiting.

I am available should you have any questions or concerns.

Kind regards,

Susan
